

UNAI MEMBER ACTIVITY REPORTS 2013-2014

Bunkyo University

Japan

During the 2013-14 reporting period, Bunkyo University engaged in a number of activities that underscore its on-going commitment to UNAI and its principles. The following examples stand out as particularly notable:

In June of 2013, Bunkyo University sent a student group and three professors to a symposium on "Volunteerism" organized by United Nations Volunteers (UNV) at the fifth annual Tokyo International Conference on African Development (TICAD IV) in Yokohama, Japan.

22 Bunkyo University students and 2 professors were invited to participate in a seminar at the United Nations' headquarters in New York City taking place in February of 2014. The opportunity was designed to provide these students with a better understanding of the importance of international cooperation and volunteerism to the goal of achieving global peace.

In July of 2014, Bunkyo University will host a special lecture event featuring representatives from the United Nations, who will be speaking about the mission of the UN and the scope of global issues it faces.
